Work Experience

Senior Web Developer, Scratch Music Group – (scratch.com) – *Manhattan, NYC / June 2015 - present*
Built, maintained, and refactored code bases & greenfield apps. ECommerce, CMS / marketing, lead generation apps. Implemented migration to a new CRM / ERP for multiple databases. Evolved into a senior role by mentoring junior devs, managing projects, & advocating for the business at meetups. Digital problem solver & tool builder.

Co-founder & Lead Dev, Adventure Local – (advlo.com) – *Denver,CO / April 2014 - June 2015*
Launched adventure travel marketplace for adventure tourism guides in growing economies. Full-stack programmer, business developer, investor outreach, & growth marketer. Participated in accelerator program in Honolulu, Hawaii.

Software Developer, Maui New York – (http://maui.nyc/) – *Manhattan, NYC / August. 2013 - June 2014*
Full stack developer building fashion eCommerce / editorial sites. Doubled as a tech evangelist for our agency SAAS product (Magento eCommerce as a back-end API for Rails) Client facing dev. role for sites including:
beyonce.com / nylonmag.com / victoriabeckham.com

Recent Projects

Scratch DJ Academy (academy.scratch.com **)** Spree based eCommerce app for our 6 location DJ school. CRM & Inventory via API & background jobs. Processed 2M+. Integrated Auth.net & Affirm. Wrote & managed codebase.

MadeByAdventure (madebyadventure.com **)** Adventures with a mission. Bespoke travel planning for groups. We connect local guides, a team of adventure seekers, and advocates of issues who travel as a force for good.

Talent Portal (talent.scratch.com – *internal application* **)** Refactored legacy codebase. Integrated with multiple CRM / ERP API's for business data. Served as operations hub application for our 3 business lines. Built ACH payment framework for mass pay. Also built: CMS for music talent network, sales analytics dashboard, accounting tools.
